David A. Franczyk
President
Buffalo Common Council
Buffalo, NY 14202

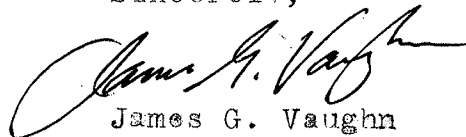

Dear Mr. Franczyk:

Thank you for taking such a responsible position regarding the proposed sale of the J.N. Adam property in Perrysburg. I agree with and support your concerns as reported in the Buffalo News 12/16/04.

It's a shame that our State Government has deliberately permitted this once beautifully maintained institution deteriorate to its present sorry condition. It seems to me that the sales contract should include specific conditions as to the future use and disposition of the buildings and the surrounding land and forest. Otherwise, I believe the property will be stripped of its trees and the buildings will fall into a state of complete ruin, attracting vandals and other unwanted folks.

I talked with Jim Brem of your office last week about this matter, and I am enclosing a Buffalo News article of 07/17/87 in which he expressed an interest.

Sincerely,

James G. Vaughn
